
Title: End the Madness!

Author: Dharzhal T'Ar

The Humanis pride that
once permeated this city
is the very reason it was
destroyed, humbled by the
fates for its arrogance
and delusions. Until
every last vestige of
that accursed philosophy

is removed, this society
shall suffer its ill
effects.

It will never achieve
its former glory until its
"esteemed" leader and his
misguided, bigoted, and
narrow-minded followers

realize the utter folly of
their ways.

Every race, save
perhaps orcs and their
ilk, have something useful
to offer civilization and
should be accepted within
its boundaries as equals.

To continue a mindset
that fosters animosity
and ill-will is not only
detrimental to society,
but is also that which, in
the way of balance,
inevitably leads to
destruction!

Down with Humanis!

Down with Humanists

Down with the man from
whom it all flows!
